The diagram illustrates a circuit board assembly with three vertical columns of components. The leftmost column contains two blue rectangular components labeled 260, each connected to a ground plane via a vertical line labeled 58. The middle column contains two blue rectangular components labeled 200, each connected to a ground plane via a vertical line labeled 58. The rightmost column contains two blue rectangular components labeled 200, each connected to a ground plane via a vertical line labeled 260. The top-left corner of the diagram features the text "M8S", "MT10", and "SVN". Below the first column, there are two horizontal waveforms: one starting at time 0 and another starting later. Between the second and third columns, there are two horizontal waveforms: one starting at time 141 and another starting later. At the bottom, there are two horizontal waveforms: one starting at time 142 and another starting later.
